

Introducing the IntelliFire app  
Smart control for the way you live

**IntelliFire**<sup>®</sup>

VERMONT  CASTINGS<sup>™</sup>

# Control your fire from anywhere

With the IntelliFire® app, monitor your fire from anywhere or have a cozy environment greet you when you walk in the door.

On/off and flame height

Temperature control

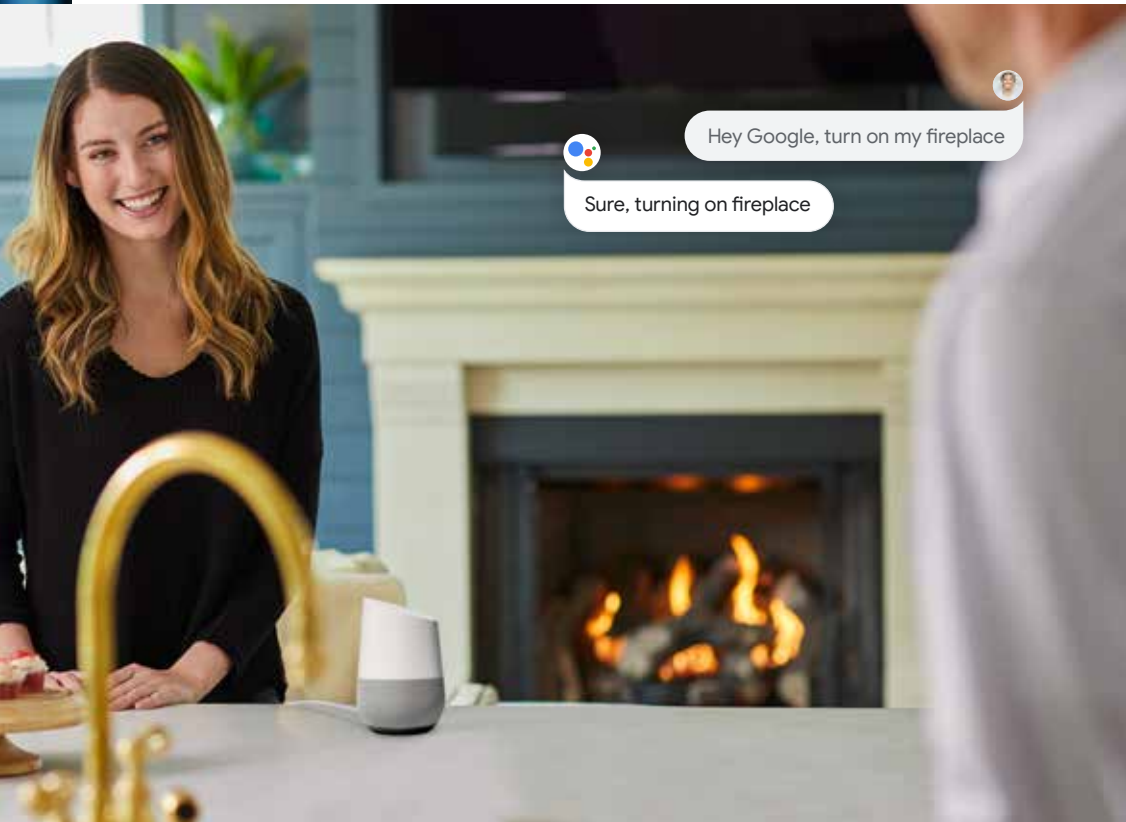

Pre-set burn timer

Fan speed and more

# Control your fire with your voice

Hands-free convenience is here. Turn words into actions to create warmth, comfort and ambiance.

*IntelliFire is compatible with voice assistants Amazon Alexa and Google Assistant.*

# Simple

Easy to use

# Smart

Voice control

# Safe

Monitor from anywhere

IntelliFire app is now available for these gas stoves:

STARDANCE

RADIANCE

INTREPID

For app and voice control, installation of a Wi-Fi module is required. To find out if your stove is compatible, or schedule an appointment for module installation, please contact your local Vermont Castings dealer. Then, head to the app store on your mobile device and search for **IntelliFire**.
