LUXURY FIREPLACES

U44 OUTDOOR
GAS FIREPLACE

The outdoors have never been this comfortable

Urbana Luxury Fireplaces has created an exciting new product that will make your backyard the envy of the neighborhood. Not satisfied with the typical designs present in the marketplace, we've taken the majesty of our large luxury fireplace and brought it outside with a focus on ease of maintenance, excellent performance, and stunning visual appeal. The new U44 Outdoor Gas Fireplace is the perfect centerpiece for the patio of your dreams.

Easy Installation

The U44 Outdoor can be installed easier than interior stoves with no venting requirements.

Optional Safety Screen

An optional safety screen will help keep debris from entering the firebox.

Hassle Free Operation

The U44 is turned on via a wall switch for fast and easy operation. Simply turn it on and enjoy.

No Glass Required

The U44 Outdoor Fireplace operates without the need of a glass door giving an unobstructed view of the flame presentation.
