LUXURY ELECTRIC FIREPLACES

UE43H

HOLOGRAPHIC FIREPLACE

AN ELECTRIC FIREPLACE HAS NEVER BEEN THIS REAL.

Uptown Luxury Electric Fireplaces has re-imagined what's possible with electric and holographic design, delivering a statement piece that stands apart. Built and engineered in North America, the UE43H brings the presence and sophistication of our luxury fireplaces into a new realm—fusing advanced holographic flame technology with refined architectural form. Innovative, elegant, and unlike anything else in its category, the UE43H sets a new standard for what a modern electric fireplace can be.
